

# Spectralink Versity 92 Series Smartphones

## Call Server Interoperability

The table below list the call servers that have been tested as interoperable with the Spectralink Versity enterprise smartphones. Only products listed in the table have been tested for compatibility and acceptable performance with Spectralink Versity 9240 and 9253 models. Interoperability documents are found on the [Spectralink 92 Series Support](#) page.

### Validated or Certified Products

Spectralink enterprise wireless mobility solutions are validated or certified to work on the following call servers and UC platforms.

**Admin Tip:** Supported software versions

All software is subject to significant change from version to version.

Please call Spectralink for additional information including field experience with newer releases.

Partner	Platform	PBX Software Version
Avaya	Aura Communication Manager/Session Manager	8.1
	IP Office	11.1
Cisco	Cisco Unified Communications Manager (CUCM)	10.0, 11.0, 12.0
Digium SwitchVox	SMB 305	6.3.5
Mitel	MiVoice Business	7.0

*If you are working with an opportunity where the software version is not listed above, please email [support@spectralink.com](mailto:support@spectralink.com) for confirmation of interoperability. All software is subject to significant change from version to version. Only those configurations listed in this document are supported by Spectralink.*
