

## How to Order Software Licenses

1. Send your Purchase Order (PO) including the software part number and the number of licenses needed to Spectralink Order Management via (EMEA and APAC) [emeaom@spectralink.com](mailto:emeaom@spectralink.com) or (NALA) [nalaom@spectralink.com](mailto:nalaom@spectralink.com).
2. When your order is processed, Order Management will send you an email including an Authentication Product Key for your software license.
3. To activate your software license, use the [License Key Generator](#) available at [www.support.spectralink.com](http://www.support.spectralink.com). **Please note that once a software license is generated this is locked to the specified ARI code, and cannot be changed.**
